Summary

Experienced Java backend developer with **3+ years** of expertise in **Java (Java 8/11)**, **Spring Boot microservices**, and **REST API** development for enterprise-scale applications.

Technical Skills

-
- **Languages:** Java, Advanced Java
 - **Frameworks:** Spring, Spring Boot, Hibernate, Spring Security, JPA
 - **Web Technologies:** RESTful APIs, Swagger
 - **Databases:** PostgreSQL
 - **DevOps Tools:** Docker, Kubernetes, Jenkins
 - **Build & Version Control:** Maven, Git
 - **Testing:** JUnit, Mockito
 - **Tools:** Postman, IntelliJ, VS Code

Work Experience

Capgemini

Software Engineer

Jan 2022 – Present

- Developed and optimized **secure backend APIs** in **Java** and **Spring Boot**, empowering automated diagnostics and software updates for **20,000+ connected devices** across global service centers.
- **Improved processing speed** of sensitive data flows by **30%** through efficient **API design**, advanced **token-based authentication**, and streamlined request handling using modern **Java frameworks**.
- Enhanced platform security and compliance by integrating **TLS 1.2 encryption**, **multi-factor authentication**, and robust access controls—resulting in zero security incidents after rollout.
- Automated CI/CD pipelines with **Docker, Jenkins, and Maven**, reducing release cycle times **by 25%** and boosting deployment reliability.
- Designed and implemented comprehensive error **handling and monitoring**, reducing mean time to resolution for production issues and **increasing system uptime**.
- Authored technical documentation and collaborated across engineering, **QA**, and business teams, which accelerated project delivery and reduced new team member onboarding time by **40%**.
- Ensured scalable integration with critical external systems through **RESTful web services**, supporting uninterrupted business operations and enhancing customer satisfaction.

Certifications

-
- **Agile Software Development** – Coursera
 - **Master Spring 6, Spring Boot 3, REST, JPA, Hibernate** – Udemy

Education

Bachelor of Engineering in Computer Engineering

Savitribai Phule Pune University (SPPU), Pune

August 2017 – July 2021
